

Soyapango, January / February 2009.

Dear family friends and volunteers.

2009 has started and the calendar does not stop its walking. The months fly so rapidly that one day move to the other in the amount off a daily effort. The New Year has just begun with some winds against, a lot of economic difficulties and uncertainly about the future.

But in the middle of the hurricane God, the faithful and lovely God tells as "Is there any seed left in the barn? Do the vine the fig tree, the pomegranate, and the olive three still yield nothing? From this day on I will bless you". This is our hope that does not make us sad, on the contrary it is the blessing that enriches and adds no sorrow with it.

We started the programs without any trouble always believing to God and buying without money, while some others will come and go. This is a strong movement of God in which you pack and we do not end to do the suitcases that he had already prepared, it is another place to go and bring the "good news" of God. A vocational workshop has begun strongly with the help of GOD through the blessing of the Germans. We have started with four workshop fully equipped that provide more space for more head mothers and young people to be trained. The doctors and their Community Clinic teams have put aside for a while their white uniforms, thermometers, and stethoscopes to change by hammers, shovels all constructions tools because they are re-building and expanding the place of the Clinics. Thanks be to God and to Ohio University which provide the finances for

this project of re-building. Good for you, vineyard workers! “The other way” started with a few volunteers but with the firm conviction that God has provide us a fertile land where lifting harvest 2009. Communities and school has been the land that was planted, and we declared that we will raise up to 100x1 a very precious seed which was planted in children’s, young and adults, amen. Community Restaurants and its Volunteers Army (because one of us can reach to thousand) started its work into the communities we have been working until now. Also we are beginning with new proposals in alliance with the cell groups of Maranatha Church. The new project Jezreel which could not be timelier in the clock of God, It is the challenge to ours first three months. We encourage to the people of this heavenly vision because faithful is the one who called us who will also do it. Remember that we are only clay in his hands and God is the one who make it grow. We thank to our Almighty God for the spiritual growing we are experience and also for the numerical growth. We know that there are financial challenges ahead and lack of people, but we trust in the name of our God and we are take strongly of his hand. Thank you sponsors, intercessors, providers and supporters of this dream of God. We pray as CEDEINFA family that you also rise up a harvest 2009. In him, only in him and with the firm the firm purpose of flying above the storm.

Yours at this time:

**Daniel, Daysi and DJ Menjivar
Directors.**
